EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in two telephone interviews with Philip Decker on January 5, 2006 and on January 13, 2006.

The examiner's amendment is as follows:

- Claims 1-16 are canceled.
- The language of claim 17 is changed from: "A forearm support brace for a rifle comprising: a rifle butt; and a C-shaped rifle butt attachment..." to "A forearm support brace for a rifle comprising: a rifle butt; and a C-shaped rifle butt attachment, supporting said rifle butt..."

Allowable Subject Matter

Claims 17-20 are allowed.

The following is an examiner's statement of reasons for allowance: Claims 17-20 are allowable since the art of record neither anticipates or makes obvious a forearm support brace for a rifle comprising a rifle butt. The most pertinent prior art of record is Hentzi (3260489) and Tritt (2295370), who both disclose the structure of the claimed invention with the exception of the rifle butt. Other pertinent art includes Neal (2436175) who does disclose a rifle butt, but does not disclose a securement between the forearm brace member and the rifle butt attachment member.

Art Unit: 3641

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
